

Lifting Magnet - Permanent - Walker BUX

Product information

Tremendous lifting capacity thanks to High- Energy Neodymium magnets
Increased airgap capability
Suitable for flat and round material
Easy ON/OFF switching
Extremely compact, low dead weight
Robust, low maintenance
Smart design
Applications
In the workshop to load, unload machine tools
At construction sites to lift plates and structurals
In the warehouse to handle plate and bar stock

Features: State of the art two-pole design

Safety factor: 4:1
